

Next Generation Sequencing data analysis

Organizers: Susan Kloet (LUMC), Leon Mei (LUMC), Wilfred van Ijcken (Erasmus MC), Judith Boer (princes Maxima centrum)

Contact person dr. Madeleine Nivard, e-mail: nivard@lumc.nl

Date: August/Sept (once every year)

Location: LUMC, Leiden (or occasionally outside Leiden)

Duration: 3 days

This course aims at PhD students, postdocs and senior researchers who are interested in, planning, or already working with next-generation sequencing. We welcome researchers from both the genomics and bioinformatics fields. Currently available technologies as well as hardware solutions will be presented and discussed. The focus of the course will be on data and ways to analyse the data.

There is a maximum of 60 places.

Participants of Erasmus MC or MGC are free of charge. All other academic participants pay €350 fee. Commercial participants pay €700 fee.
