

Goodbye message

Hi guys:

This note wants to tell you my office space has changed and hope you will not be so surprised to see my stuff has been "disappearing".

I am moving because of the regular reshuffle of working spaces for members in the chemical immunity (CI) group. Due to the Corona, I will still be requested to work from home mostly.

My new office is T-02-003 and you are welcome to drop by anytime.

Hope to see you around soon and keep yourselves healthy!

Minkang
